SMOOTH PEOPLE FLOW® FOR COMMERCIAL ENVIRONMENTS

KONE TravelMaster™ 110
YOUR TRUSTED ESCALATOR PARTNER

With over 100 years of experience and a strong track record in safety, KONE is your trusted partner, dedicated to ensuring smooth and safe People Flow™ in today’s commercial environments. KONE escalators and autowalks use our proven, reliable technology designed to meet the wide-ranging needs of commercial buildings worldwide.

The KONE TravelMaster™ 110 escalator is designed for commercial environments, where safety, design and eco-efficiency are key requirements.

3 REASONS TO CHOOSE KONE TRAVELMASTER 110

1 ECO-EFFICIENT ESCALATORS THAT REDUCES OPERATIONAL COSTS

- Smart operational modes and an all new inverter optimize energy consumption under different load conditions
- Long lasting LED lighting is up to 80% more efficient than fluorescent lighting and lasts up to 10 times longer
The KONE TravelMaster 110

- Vertical rise: Up to 13 meters
- Horizontal steps: 2 or 3
- Inclination: 30°, 35°
- Step width: 600 mm, 800 mm, 1000 mm
- Radius: 1.0/1.0, 1.5/1.0
- Balustrade height: 900 mm, 1000 mm, 1100 mm
- Speed: 0.5 m/s, 0.4 m/s with inverter
- Step chain: Inside roller chains
- Operational environment: Indoor, semi-outdoor, full outdoor
- Duty cycle: 14 hours/day

2 PEACE OF MIND WITH THE LATEST SAFETY TECHNOLOGY

- New traffic signalization solutions
- Audible alarms provide clear guidance on escalator travel direction

3 HIGH QUALITY VISUAL DESIGN FOR THE BEST POSSIBLE USER EXPERIENCE

- Innovative and attractive lighting solutions that also improve passenger guidance and safety
- A wide range of design options to create stunning visual effects and perfectly match your building’s architecture
- High quality component finishes and a harmonized look and feel throughout the KONE product portfolio
At KONE we have always been renowned for our revolutionary eco-efficient technology. Installing an eco-efficient KONE escalator solution can also help achieve green building accreditations such as LEED or BREEAM certification.

1. ALL-NEW ENERGY EFFICIENT INVERTER
   The renewed inverter ensures smooth speed regulation during standby operation and minimizes energy consumption at full speed.

2. ECO-EFFICIENT OPERATIONAL MODES
   Eco-efficient operational modes save energy by slowing down or stopping the escalator completely when traffic is low. For example, when an escalator is empty, energy consumption is further reduced with KONE’s smart star-delta operational mode, which regulates the current needed for different types of load situations.

3. LONG-LASTING LED LIGHTING
   LED lighting is up to 80% more efficient than fluorescent lighting and lasts up to 10 times longer.

U.S. based business magazine Forbes has ranked KONE the 56th most innovative company in the world. KONE is the only elevator and escalator company featured on Forbes’ list this year.
When you choose KONE, you choose peace of mind. Safety is the starting point for every KONE solution. All our escalators are designed to meet and exceed all applicable safety standards, codes, and regulations to ensure the highest levels of safety every step of the way – from planning and installation to maintenance and modernization. In addition, we offer new and innovative features to ensure that KONE escalators are the benchmark whenever safety is concerned.

The KONE TravelMaster™ 110 has been designed to both maximize safety for passengers and make it easy to inspect the condition of the equipment, ensuring that it operates reliably and safely at all times.

**Standards-compliant manufacturing**
All KONE manufacturing units are ISO 14001 certified and meet all relevant escalator industry standards and requirements. KONE escalators comply with international codes such as EN115, as well as local codes that incorporate additional requirements for escalator safety.

**PEACE OF MIND**
**WITH THE LATEST SAFETY TECHNOLOGY**

**COMPREHENSIVE RANGE OF SAFETY OPTIONS**

1. **ALARM FOR TRAVEL DIRECTION**
   An alarm sounds if passengers enter an escalator in the wrong direction.

2. **VISUAL GUIDANCE**
   Traffic signalization, skirt lighting, yellow comb segment, and step demarcations provide extra visual guidance for passengers.

3. **FALL-PREVENTION FEATURES**
   A fall-protection barrier and extended balustrades provide additional passenger protection.

For a complete list of standard and optional safety features please contact your local KONE sales representative.
HIGH QUALITY VISUAL DESIGN
FOR THE BEST POSSIBLE USER EXPERIENCE

As well as being a key transportation method for commercial environments, escalators are an important part of a building’s ambience and style, and can be an important source of lighting, too. Well-planned design can make an escalator more than just a people flow solution by turning it into an eye-catching architectural element as well.

1. INNOVATIVE AND ATTRACTIVE LIGHTING SOLUTIONS
KONE’s new cladding, lighting solutions for signs, and traffic lights provide the final touch to your escalator’s visual design. Our traffic-light options – cube, road sign, and traffic pole – provide a simple, stylish approach to safety and passenger guidance.

2. A WIDE RANGE OF DESIGN OPTIONS
KONE’s design offering consists of a wide range of innovative materials and features. The combination of unique textured and patterned cladding materials with novel lighting solutions creates a stunning visual effect.

3. ATTENTION TO DETAIL AND EXCELLENT FINISHING QUALITY
All of our escalator components are designed with great attention to detail. KONE escalators are equipped with attractive front plates, guards, and access covers – all with high quality finishing. The design of KONE products is harmonized throughout our portfolio for a consistent look and feel in your building.

4. TAILOR-MADE POSSIBILITIES
KONE’s renowned engineering and design capabilities are always available to help you realize your architectural vision with customized specifications for your premises.

New attractive lighting and guidance solutions that improve the safety of your escalator:
A. LED skirt spot lighting
B. Traffic light cube
C. Traffic light road sign
D. LED skirt lighting
THE RIGHT ESCALATOR FOR YOUR OPERATIONAL NEEDS

KONE TRAVELMASTER™ 110

The KONE TravelMaster 110 solution is a reliable, efficient escalator package designed for retail environments. It complies with all relevant international and local safety codes, and can be enhanced with the latest KONE signalization and LED lighting options for additional convenience, passenger guidance, and visual appeal. It includes a worm gear drive combined with the smart star-delta operational mode which automatically regulates the current needed depending on the actual step load.

TRADITIONAL FRICTION WHEEL HANDRAIL DRIVE

ENERGY EFFICIENCY ENHANCING OPTIONS:
- New energy efficient inverter
- Multiple operational modes
- Regenerative drive
- LED lighting options
- Traffic lighting solutions (pole, cube, road sign)
- Guidance lighting solutions (comb lighting, step demarcation lighting)

SAFETY ENHANCING OPTIONS:
- Alarm for travel direction
- Fall protection barrier

DESIGN ENHANCING OPTIONS
- LED continuous lighting or RGB solution for skirt, handrail, side cladding and soffit
- LED spot lighting for skirt and soffit (basic and premium)
- New premium stainless steel access cover
- New KONE designed claddings (etched, honeycomb, colored glass or laminated)
SUPPORTING YOU EVERY STEP OF THE WAY

Choose a partner with over a century of experience in delivering pioneering escalator solutions. Get expert advice from professionals and enjoy the peace of mind that comes with comprehensive support. KONE is with you every step of the way – from planning and design, through installation and maintenance, to modernization – for the entire life cycle of your building.

1 EXERT DESIGN AND PLANNING SERVICES
- Expert planning advice helps you specify the optimal solution for your building.
- Easy-to-use online design tools save you time and effort during the design process by allowing you to create CAD drawings and 3D BIM models.
- Energy consumption calculations available for every individual escalator solution.

2 SAFE AND EFFICIENT INSTALLATION
- Highly efficient installation methods result in considerable cost savings for our customers and minimize disruption to other construction work.
- Strict quality criteria for each phase of installation ensure that it’s right the first time, every time.
- Continuous training, site audits, safety passports, and proven methods ensure maximum site safety.
- Eco-efficient installation processes maximize waste recycling.

3 QUALITY ASSURANCE AT HANDOVER AND PROFESSIONAL MAINTENANCE
- KONE’s own reliability laboratory tests and approves every component used in our escalator solutions.
- Our global spares center stocks over 150,000 parts and offers 24-hour delivery for the most commonly requested parts.
- Preventive KONE Care® maintenance solutions – including a comprehensive new online service-reporting system – make it easier to monitor and budget for escalator maintenance.

WORLD-CLASS DESIGN TOOLS

KONE Escalator Toolbox – including BIM models
- With the KONE Escalator Toolbox you can create a detailed equipment specification online and customized CAD drawings for preliminary planning.

KONE Building Information Modeling (BIM) models make it easier and quicker for architects to prepare digital escalator designs. Included in the Escalator Toolbox, these models are compatible with most common project documentation systems and include the latest KONE escalator specifications. Once your design is ready, you can send the specifications directly to a KONE sales representative for tendering and/or ordering.

The KONE Escalator Toolbox is available online at http://koneglobal.hostctb.com/
KONE escalators combine industry-leading eco-efficiency and the latest safety technology with a wide range of high quality design options – all supported by our unrivalled engineering and people flow expertise. Our sales teams provide expert advice that will help you choose exactly the right solution for your building. And with our latest range of design options, you can create an escalator that is both an essential means of transportation and an eye-catching architectural element.

**VISUAL DESIGN AND CUSTOMIZATION**

**CLADDINGS**

- **Brushed stainless steel**
  - ST4*
    - Silver

- **Colored laminate**
  - LH001 Dotted White
  - LH002 Dotted Black
  - LH003 Navy Blue

- **Colored glass**
  - G104 Bronze
  - G105 Bright White
  - G107 Black Pearl

- **Metallic and pearlescent laminate**
  - LH004 Pearl Steel
  - LH005 Pearl Silver
  - LH006 Bronze Mesh

- **Etched stainless steel**
  - ES3 Silver High-Rise
  - ST415 Silver Bamboo
  - ST425 Silver Cloud

* For more brushed stainless steel options please contact your sales representative

** Available with honey comb structure
ION CAPABILITIES

TRAFFIC LIGHT SIGNALIZATIONS

ACCESS COVERS

Stainless steel surface with punched diamond pattern (available in 304# and 443#).

Black painted Stainless steel surface with punched diamond pattern (available in 304# and 443#). Floor numbering is available.

Natural ribbed aluminum

Ribbed aluminum with black grooves

Stainless steel surface

New KONE Design access cover

Traffic light cube

Traffic light road sign

Floor numbering is available.

* For more brushed stainless steel options please contact your sales representative.
KONE provides innovative and eco-efficient solutions for elevators, escalators, automatic building doors and the systems that integrate them with today’s intelligent buildings.

We support our customers every step of the way; from design, manufacturing and installation to maintenance and modernization. KONE is a global leader in helping our customers manage the smooth flow of people and goods throughout their buildings.

Our commitment to customers is present in all KONE solutions. This makes us a reliable partner throughout the life cycle of the building. We challenge the conventional wisdom of the industry. We are fast, flexible, and we have a well-deserved reputation as a technology leader, with such innovations as KONE MonoSpace®, KONE NanoSpace™ and KONE UltraRope®.

KONE employs close to 52,000 dedicated experts to serve you globally and locally.
